

Corporate Membership

Supporting the Canadian meat industry through education, research and technology

WHAT'S IN IT FOR YOU?

- ◆ Your company/organization will be recognized as supporting the goals and aspirations of the CMSA.
- ◆ The CMSA provides opportunities for its member to make personal contacts and develop a network with Canadian meat scientists and others within the meat industry.
- ◆ Money raised through memberships will be used by the CMSA for educational purposes (e.g. scholarships and bursaries or promotion of the meat industry through education).
- ◆ Your company/organization's name will be listed on our web page at <http://cmsa-ascv.ca> and a link to your corporation/organization's web site will be available.
- ◆ Members receive quarterly newsletters and can attend the annual symposium on science and technology that is jointly sponsored by the Canadian Meat Science Association and the Canadian Meat Research Institute. This symposium is presented in conjunction with the Canadian Meat Council annual conference.
- ◆ Your company/organization's name will be listed in our Newsletter, which is published quarterly.
- ◆ A corporate membership will include one professional membership to a designated individual in your company/ organization. This individual will have voting privileges as any other CMSA member.
- ◆ Your company/organization will be listed in and receive our yearly membership directory.
- ◆ Your company/organization's name will be displayed at the annual symposium.
- ◆ Your company/organization's name will be included in this brochure, as "corporate members" become part of the CMSA family.
- ◆ Employment opportunities for your company/organization may, in the future, be listed on our web site.

WHO QUALIFIES FOR A CORPORATE MEMBERSHIP?

All with an interest in the science of meat and meat products are eligible for a corporate membership in the CMSA.
